Invitations Request Sent

Only the Team Lead will create a team

Other member of that team shouldn't create a separate team

Team Name	Request Status	Time	Action

Send

Then just directly send the invite

They will open this page and the request is sent. Your teammates work is done for now

TeamLead will then need to accept the requests

Basic Guidelines

- Everyone have to do the basic Registration
- Only One Member of ur team (Team Lead) will form the team
- Team Name and Logo Shouldn't be inappropriate
- Team Lead Needs to Invite rest of their teammates to the team
- Minimum 2 members in a team is required with at least one girl member
- Make Sure to give ur proper GitHub Url as it will be one of ur best buddy during the hackathon
